Subject: The Chulabhorn Graduate Institute - The ASEAN Foundation

Joint Post Graduate Scholarship

Excellency,

We have the honor to inform Your Excellency that The Chulabhorn Graduate Institute in collaboration with The ASEAN Foundation, for academic year 2018, will award a number of scholarships to qualified candidates from ASEAN member countries to undertake Master Degree study in various fields in Science and Technology. The scholarship will cover round trip airfare, tuition and other academic fees, accommodation, monthly stipend, book allowance, health insurance and others.

We would greatly appreciate Your Excellency cooperation in conveying the aforementioned information to Your Excellency government and invite relevant organizations to nominate up to 5 candidates for the study programs. Attached herewith are the announcement, application form and other related documents.

Please accept, Excellency, the renewed assurance of my highest consideration

Somsak Ruchirawat

Rector, Chulabhorn Graduate Institute

Enclosure: As stated

Chulabhorn Graduate Institute – ASEAN Foundation

Joint Post-graduate Scholarship Programme in Science and Technology

For ASEAN Applicants

(Academic Year 2018)

The Chulabhorn Graduate Institute (CGI) and the ASEAN Foundation (AF) have entered into an agreement to develop highly qualified human resources in the area of science and technology within ASEAN Member States through the Chulabhorn Graduate Institute – ASEAN Foundation Post-graduate Scholarship Programme in Science and Technology (Phase 2: 2016 – 2022).

The CGI is a multidisciplinary post-graduate academic institute established in 2005, under the initiative of Professor Dr. Her Royal Highness Princess Chulabhorn Mahidol. The aim of the CGI is to employ the most recent interactive teaching techniques used in world leading educational and research institutions to produce effective thinkers and leaders in their field of expertise to better serve their countries' needs towards sustainable development. The CGI is presently offering programmes leading to Master's degree in Applied Biological Sciences: Environmental Health, Environmental Toxicology, and Chemical Biology.

The ASEAN Foundation is an organisation from and for the people of ASEAN. Three decades after ASEAN was established, the ASEAN Leaders recognised that there remained inadequate shared prosperity, ASEAN awareness, and contact among the people of ASEAN. It was of this concern that the ASEAN Leaders established the ASEAN Foundation during the ASEAN's 30th Anniversary Commemorative Summit in Kuala Lumpur, Malaysia, on 15 December 1997. The ASEAN Foundation exists because of one vision: to build a cohesive and prosperous ASEAN Community. As an ASEAN's body, the ASEAN Foundation is tasked to support ASEAN mainly in promoting awareness, identity, interaction, and development of the people of ASEAN.

This year, eight (8) scholarships are available for ASEAN nationals (except Thai citizen) who are interested to pursue a Master Degree at the CGI. Selection of successful applicants will be based on merit.

Eligibility

Scholarships are open to bonafide ASEAN nationals (except Thai citizen) who meet the following qualifications:

- Under 30 years of age
- Hold a Bachelor Degree with a cumulative GPA of at least 3.00 in one of the following fields:
